Rates (as of 12/2009)

Basic portfolio site (no e-commerce) package : \$350 +hosting (see below)

- \* Template design (applied to all pages)
- \* 5 - 7 complete web pages
- \* 20 image prep max.
- \* Free consults – The first consultation may be in person, and subsequent consults will be over phone or email for progress checks and changes.

Any additional work, consultations and other services are charged at \$20/hr. One-time jobs such as business card or brochure design may receive a flat rate after consult. As an ongoing web design client, you have the choice to either pay for maintenance by the hour or to set up a maintenance plan, where you pay a flat rate for maintenance.

If you do not already have a web host, I can set you up with a reputable host, and you are responsible for paying your web host (about \$120 for 1 year). If you are interested in e-commerce, there are additional costs that must be paid to your merchant account service provider and shopping cart provider. Again, I can refer you to reputable businesses that I have experience with.
